Payment Terms

Above pricing is quoted in US dollars. A non-refundable deposit (50% of total purchase order amount) is due with order placement. Balance due Net 30 days after shipment. Payment may be deposited to Wells Fargo Bank, N.A., San Francisco, CA (Boulder Branch), Wire ABA Routing Number 121000248, Bank Swift Code WFBUS6S, Beneficiary Account Name: Boulder Nonlinear Systems, Inc., Account Number 1828013528.

Standard XY Phase Series SLMs are warranted against defects in materials and workmanship for ninety (90) days from shipment date. No other warranty expressed or implied is included. Liability is limited to the systems purchase price; in no case shall BNS liability exceed the system purchase price. Returned material may be repaired, replaced, credited, or refunded solely at the option of BNS. Under no circumstances shall BNS be liable for loss of profit, processing costs, or other consequential damages. BNS does not warrant for any defects caused by use outside of the scope of the Users Manual provided with the system. For additional warranty options, please see attached SLM Maintenance Plan.

Customer is responsible for all Shipping Costs, Import/Export Taxes, and Fees associated with shipment. Please include your Federal Express Account Number with your Purchase Order to expedite delivery.

Spatial Light Modulator Maintenance Plan

Tier 1

No charge for repair or replacement of the Optical Head or the Drive Electronics during the first 90 days after receipt, regardless of the cause of failure. Charge of 40% of original cost for repair or replacement of either the Optical Head or the Drive Electronics after the initial 90 days, regardless of the cause of failure. Item must be returned to factory, the repaired or replacement item will be shipped within four weeks of receipt.

Price is included with the price of the system

Tier 2

No charge for repair or replacement of the Optical Head for one year, regardless of the cause of failure. No charge for repair or replacement of the Drive Electronics during the initial 90 days after receipt, regardless of cause of failure. Charge of 40% of the original cost for repair or replacement of the Drive Electronics after the initial 90 days but prior to the one year plan expiration date, regardless of the cause of failure. Item must be returned to factory, the repaired or replacement item will be shipped within four weeks of receipt. If this plan is purchased after the initial receipt of the system, but prior to one year after receipt of the system, then it will not be effective until 30 days after the plan purchase, this plan cannot be purchased later than one year after the initial receipt of the system. Following years may be purchased at the same price, but they must be purchased prior to the expiration of the current plan, if a plan is allowed to expire it will no longer be renewable and the only coverage available will be that which is offered by the Tier 1 plan.

Price is \$1295 for a one year term

Tier 3

No charge for repair or replacement of the Optical Head or the Drive Electronics for one year, regardless of the cause of failure. Item must be returned to factory, the repaired or replacement item will be shipped within two weeks of receipt. If this plan is purchased after the initial receipt of the system, but prior to one year after receipt of the system, then it will not be effective until 30 days after the plan purchase, this plan cannot be purchased later than one year after the initial receipt of the system. Following years may be purchased at the same price, but they must be purchased prior to the expiration of the current plan, if a plan is allowed to expire it will no longer be renewable and the only coverage available will be that which is offered by the Tier 1 plan.

Price is \$1995 for a one year term

Tier 4

No charge for repair or replacement of Optical Head or Drive Electronics for one year, regardless of cause of failure. Replacement item will be shipped to your desired location using an overnight delivery service, defective unit must then be returned to factory within two weeks. If this plan is purchased after the initial receipt of the system, but prior to one year after receipt of the system, then it will not be effective until 30 days after the plan purchase, this plan cannot be purchased later than one year after the initial receipt of the system. Following years may be purchased at the same price, but they must be purchased prior to the expiration of the current plan, if a plan is allowed to expire it will no longer be renewable and the only coverage available will be that which is offered by the Tier 1 plan.

Price is \$2995 for a one year term
